

The image shows the front cover of a book. The cover is a dark blue color with a heavily textured, pebbled surface, similar to leather or a high-quality cloth. The spine, visible on the left, is made of a smoother, dark material, possibly leather, and features a series of horizontal bands or stitching. A small, circular metal fastener or rivet is visible near the top of the spine. At the bottom of the cover, there is a dark, rectangular label with rounded corners. The title "THE BOULDER" is printed on this label in a bold, white, sans-serif font. The edges of the book show some wear and fraying, particularly along the top and bottom.

THE BOULDER

In deep appreciation of the service rendered as sponsor of our first annual, and for her fine inner spirit which has inspired us to things worth while, we humbly dedicate this, our first volume of THE BOULDER, to Mrs. Willie Earl Bollok.

SENIOR CLASS HISTORY OF 1946-47

As seniors of class '46-'47, we seem to be ending the first part of our journey--life's solemn journey into the unknown. As we make this important step, we recall the things that have brought us this far; our first day in school, our seventh grade graduation, but most important, our entrance into high school. Even though dismayed by the fact that we were to be the first to encounter the eighth grade as Junior High and first to conquer a twelfth year, we were entranced by the thought of being among the high school colleagues. We were skeptical that first day, not knowing what to do or when to do it. Our ease and self-confidence in doing the wrong "thing" at the right time and the right thing at the wrong time brought hearty laughs and up-raises from the upper classmen. We entered classes, hours after the scheduled period only to find that we were in the wrong class and wrong room; we scattered to and fro when the telephone rang, thinking this meant a change of classes. These were but a few minor defects of that first day which were eventually smoothed to perfection by mere routine.

No major battles or conquests were made that year, but we all realized the importance of meeting the right classes at the right time, and we knew when not to exchange periods when the telephone sounded.---Perhaps the most humorous incident occurred when a few of us were presenting a program in chapel concerning the political side of Caldwell County. In one speech something was mentioned about a room marked for Ladies Only, referring, of course, to a meeting place where only ladies would hold their general meeting. The seniors of that year got the wrong idea about that room marked for "ladies only", and it was some time before we could continue our program due to their hilarious caperings.

The next year found us in somewhat of a peculiar situation; the boys were separated from the girls! At first, we didn't think we were going to like this, but somehow we managed, and we were none the worse for it.

The main event of this year was a contest sponsored by the Women's Christian Temperance Union. The speeches were selected and rendered by the individuals and presented in

chapel. Judges were some very prominent people from town, and they announced the winner out of seven contestants, a girl from the ninth grade, Betty Hendrix. At the close of the school year, a medal with the letters, W.C.T.U., was presented to this student by the principal of the school.

By the way, in the spring of that year, our principal, Mr. A. D. Huffines, fell down the school steps and broke his leg. The moral of this is---never trust a wandering salesman!

The tenth grade brought excitement and wonder. A hayride was one of the eventful features sponsored that year. Many attended and all were enthusiastic about it and the party that followed.

It seems that after this, we were finally preparing for a Junior-Senior banquet. Preparations were made for the theme, "Hitch Your Wagon To A Star". This event was indeed very successful, and everyone left the banquet hall in wonderful spirits, still laughing about the jokes Mr. Huffines, our guest speaker, had pulled on a prominent family intown.

Not long after this, it seems another business held an attraction for our principal. Leaving the school profession he resumed a different work in Hudson. His departure in April brought a man whom most of knew well, Mr. L. E. Cagle.

The following year was to be different from any previous years. There was to be no graduating class. Somehow we filled the terms with various activities, and graduation exercises were hardly missed.

In January of that year, Mr. Cagle, too, had a yearning for another business so he left the school profession and went to Sanford, N. C.. Everyone hated to see him and his adorable family leave because they had really become a part of us within the time that they were here. After farewell speeches, and tearful good-by's, they left us (only to return for the next school year---They missed us too much!)

Mr. Cagle's place was filled by Mr. Richard Starnes, who is with us now. Perhaps we may add here that it is to Mr. Starnes that we give high tribute and credit for the splendid work performed and beginning!

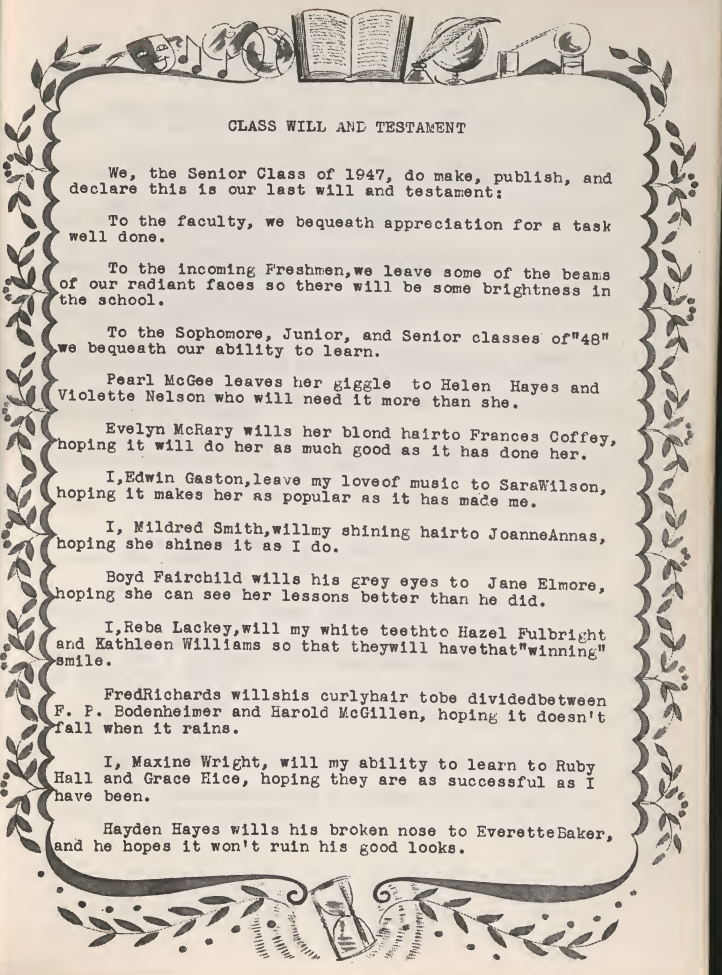

A play entitled "The Arrival of Kitty" was sponsored during this school semester, and it was attended by many who gave credit for it's being the most entertaining play given in several years---Speaking of plays, in the ninth grade, three one-act plays were presented, "Everything's Reasonable", "Girl Shy", and "Message From Bataan". In the tenth grade, three more one-act plays were given, "The Haunted Theater", "The Trysting Place", and "Hillbilly Sue". These three plus the commencement three-act play, "The Calamity Kids", were deemed successful in every aspect.

In February '46, the eleventh grade sponsored a Valentine Party. It seems that after much agitation in getting things ready, the party was enjoyed by all.

The twelfth grade is now looming before us, and we recall the happenings of this year as well as the previous ones. The highlights here are the beginning of sports, football, basketball, and baseball. Along with the football season comes the crowning of Miss Betty Setzer as "Miss Granite Falls Hi". The superlatives were selected which brought favoritism from all sides.

All in all, our twelve years together have been ones we won't and can't forget. To our principals, teachers, and friends, we extend our heartiest thanks for helping us ever willingly over the difficult spots. We are remembering now the things that happened several years back. We shall go on remembering what you have done, and the kindnesses you have rendered!

Signed, published, and declared by the above named as their last will and testament. Witnessed by Mrs. Edith Cagle and Mrs. Willie Earl Bolick.

CLASS PROPHECY

My! My! How time does fly. It seems only a few years since I was in high school. As I sit in my doctor's office now, remembering old times, I am being visited quite frequently from time to time by my old classmates.

J. C. Elliott came into my office last Wednesday to have his leg re-banded. He had been bitten by a seal while a missionary in Alaska.

The other day Edwin Gaston, that famous bandleader, came to have his finger set. He broke it trying to beat the trombonist over the head with his baton.

Ralph Starnes, a local farmer, came in to see me yesterday to get a bandage for his black eye. He claimed he ran into a door, but you know Omega Compton Starnes, his wife, won't allow him to look at other women.

Last week Betty Hendrix, that new rave on Broadway, came by to pick up some aspirin tablets. She can't keep up with Edwin Link and the stage, too.

I wrote Betty Setzer a note of congratulation for her winning the beauty contest in Atlantic City.

Johnny Sherrill, the journalist who gets all the latest scandal from Hollywood, came to get his head bandaged not so long ago. It seems that one of the subjects of his stories finally caught up with him.

Monday, Paul Sherrill, the new tenor lead in Tristram and Isolde in the Metropolitan, came to have his throat sprayed. He still has a hard time hitting those high notes.

I am still trying to get Maxine Wright, operating supervisor at one of the large hospitals, and Sue Coffey, laboratory technician, to join my hospital here in New York.

This morning I went to my dentist, John Hunter Stevenson, and boy, he surely can pound the ivories.

I get vegetables for my hospital kitchen from Boyd Fairchild. He certainly grows good ones.

John Yount is now corresponding with me on perplexing chemical analyses that I cannot formulate, either.

Elsie Sue Keller, Nadine Miller, and Lillie Mae Munday, three local office workers, brought their boss, Joe Teague, to my office to have his eyes examined. He seems to be straining them lately.

I went down to the railway station Saturday to get some medical supplies that were shipped to me, and to my surprise, the manager of the station was Cyrus Frazier.

My wife spends all her time letting Nancy Hallman try to make her more beautiful in her local beauty salon.

J. D. Moore, Surgeon, came to visit me about three weeks ago, and we talked over old times.

This A.M., Willa Grey Hice, now married, sent her son down to me for a check up.

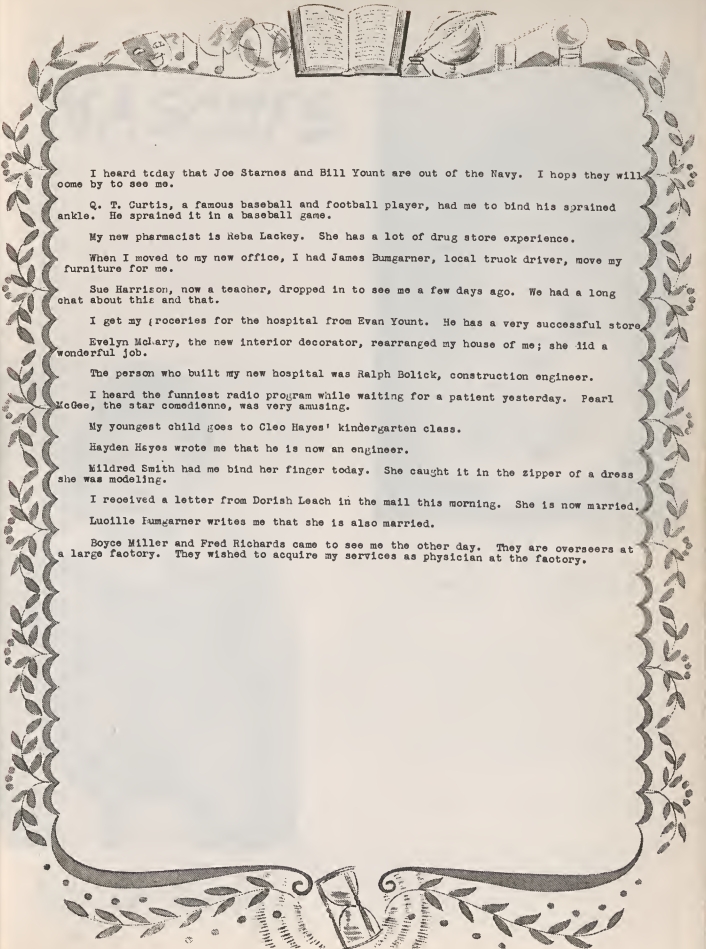

I like my new office furniture. Earl Lail, carpenter, made it for me.

Wallace Splawn visited me today to get some medicine. I learned that he is now a building engineer.

One of our local farmers, Wade Austin, came to get his arm bandaged Friday. A horse kicked him.

Faye Munday is teaching my son in school now.

I heard today that Joe Starnes and Bill Yount are out of the Navy. I hope they will come by to see me.

Q. T. Curtis, a famous baseball and football player, had me to bind his sprained ankle. He sprained it in a baseball game.

My new pharmacist is Reba Lackey. She has a lot of drug store experience.

When I moved to my new office, I had James Bumgarner, local truck driver, move my furniture for me.

Sue Harrison, now a teacher, dropped in to see me a few days ago. We had a long chat about this and that.

I get my groceries for the hospital from Evan Yount. He has a very successful store. Evelyn McLary, the new interior decorator, rearranged my house of me; she did a wonderful job.

The person who built my new hospital was Ralph Bolick, construction engineer.

I heard the funniest radio program while waiting for a patient yesterday. Pearl McGee, the star comedienne, was very amusing.

My youngest child goes to Cleo Hayes' kindergarten class.

Hayden Hayes wrote me that he is now an engineer.

Mildred Smith had me bind her finger today. She caught it in the zipper of a dress she was modeling.

I received a letter from Dorish Leach in the mail this morning. She is now married.

Luella Bumgarner writes me that she is also married.

Boyce Miller and Fred Richards came to see me the other day. They are overseers at a large factory. They wished to acquire my services as physician at the factory.

DRUDGERY

A married woman's life can't always
be a bowl of cherries. It can be
just a tub of dirty clothes.
The up-to-date housekeeper

but we never
even seen a
TERMITE!

Work Inside—ood—
Hide Their Cavity Do

Don't expect to see a termite
inside. They're too small to
see. They're too smart to
show. They're too cunning to
be caught. They're too
destructive to be ignored.

INTRODUCING...

W. F. LITT MFG.

...the only termite repellent that
keeps termites out of your home
and business. It's the only
termite repellent that's been
tested and proven to be
effective. It's the only
termite repellent that's
safe for your family and
pets. It's the only
termite repellent that's
easy to use. It's the
only termite repellent
that's guaranteed to
keep termites out of
your home and business.

WHY THE STENOGRAPH WILL MAKE YOU FASTER, MORE ACCURATE, MORE EFFICIENT.

THE STENOGRAPH IS A SMALL, LIGHT, PORTABLE MACHINE, EASILY CARRIED WITH ONE HAND. IT IS NOISELESS AND WEIGHS LESS THAN 4 LBS. IT WRITES WORDS - often PHRASES or THREE OR MORE WORDS - AT A SINGLE STROKE. THIS explains why VIRTUALLY ALL WORLD'S RECORDS FOR SPEED AND ACCURACY ARE HELD BY MACHINE WRITER. STENOGRAPH-ERS SIT ERECT, USE BOTH HANDS, AND WRITE COMFORTABLY WITHOUT MENTAL, PHYSICAL, OR NERVE STRAIN.

THE STENOGRAPH WRITES - PRINTS - STENOGRAPH-Y. ANY STENOGRAPH-ER CAN READ AND TRANSCRIBE THE NOTES OF ANY OTHER STENOGRAPH-ER. THERE ARE NO VARIATIONS IN ITS MACHINE-MODE NOTES. AND HERE ARE NO COLO NOTES. THIS MACHINE IS MUCH APPRECIATED BY EMPLOYERS, JUDGES, LAWYERS, CONVENTION MANAGERS, AND STENOGRAPHERS, IN CASES OF RUSH OR ABSENCE.
